COBB & CO WAY - 76 km

PLEASE
drive slowly and enjoy the views

Leaving from Yuleba - The first 40kms from Yuleba to the Condamine Hwy is sealed. After crossing the Condamine Highway the next section is a well formed gravel road (36kms). It is suitable for all vehicles but caution must be taken in wet weather especially 2WD's. After Beranga Ck turn left (Frogmoor Rd) to continue on the Cobb & Co Way or right to the Highway, then left to Surat.

Alternate route to avoid the unsealed section - when you reach the Condamine Hwy turn right and continue on the sealed section to the Carnarvon Hwy, turn left to Surat or right to Roma.
